Benefit of Early Childhood Music & Why Musikgarten Hawaii

Why Musikgarten Hawaii

The Plan

Only Musikgarten Hawaii offers a comprehensive, sequential plan for the musical development of children. Each of our 8 courses stands on its own and fits the developmental needs of the child. Class time is educational, fun and purposeful!!

The Teachers

Musikgarten Hawaii teachers are highly trained professionals with classroom and field experiences in early childhood music education and child development.

The Curriculum

Musikgarten Hawaii's programs are based on meeting the developmental needs of children as they grow. Favorite songs, stories, and dances are revisited throughout building on what each child has mastered and enjoyed - making successful learning easier.

Benefit of Early Childhood Music

Music's melodic and Rhythmic patterns awaken and stimulate neural pathways in the brain that help develop memory, math skills, and powers of abstract and creative thinking.

«Musikgarten Hawaii's SPECIAL Piano classes»

Musikgarten Hawaii children come to the piano ready to play the songs they have learned to sing, dance, and love. Small group lessons at the piano capitalize on your child's delight in making music with others and allow the children to gallop through the beginning piano levels with delight. Musikgarten Hawaii also offers Private Piano lessons from 5 year olds to adults.

Musikgarten Hawaii's Educational Program before Piano...

«Family Music for Babies»

Play musically with your baby through bouncing and rocking songs, wiggle and peek-a-boo games, dancing, moving, and singing. Music play activities are designed to increase your child's curiosity about music, to develop listening skills and a sense of beat, and to establish the foundation for singing and musical thought.

«Family Music for Toddlers»

Participate with your toddler in singing, moving, dancing, listening, and playing simple instruments while developing a strong musical bond with your child. Through activities that bridge the natural connection between music and movement, your child's musical aptitude and listening abilities are enhanced and further developed.

«Cycles of Seasons»

Celebrate your child's love of nature and growing independence through activities which focus on the seasons of the year. Classes are designed to build attention and self-expression and include singing, chanting, moving, focused listening, musical games, exploring musical instruments, creative movement and storytelling.

«Music Makers»

Singing, creative and structured movement, playing instruments and ensemble work, ear training and a developmentally sound approach to music literacy that builds symbolic thinking, concentration, memory and self-expression.
